

We have entered our conference year for the 19th Biennial Symposium in Orlando! Register now and reserve your hotel stay at the symposium rate for October 15-20, 2022. Our officers and board members have been busy planning and finalizing the event.

2022 Symposium Updates - 31 out of 60 booths have already been reserved. We are on track to break our exhibitor and attendance record for the third symposium in a row! Go to <https://heavymovablestructures.org/symposium/> and click on the “Current Booth Layout” button on the right hand side for the current booth layout and exhibitor locations.

Off-site Activity – HMS is offering an exclusive access event at Sea World once again. Exhibitors can purchase up to 3 tickets with their booth (\$75 each). Individual tickets are being sold for \$120 each. Dinner, drinks and unlimited rides on one of Sea World’s most popular roller coasters will be provided! This will occur on Wednesday evening. We expect this 200 person event to sell out. Please consider participating in what will be a fun-filled social.

Costs/Pricing (Registration costs increase \$100 after July 31, 2022)
